Languages

- Greek (Native)
- English (Proficiency (C2))

Interests

- Coding & Programming
- Music Production & DJing
- Boxing & MMA
- Videogames

Career Profile

I'm currently studying informatics at Ionian University in Corfu, Greece. This is my third year studying here and throughout this short amount of time I have learned a lot regarding coding, programming and computer science in general. I mainly focus on game developing, data security and privacy and web

development. I really enjoy working as a team member and I always try my best to reach the end goal of each project.

Education

Pending degree in Informatics

2019 - Present

Ionian University

Experiences

Currently I don't have any experiences on the field of computer science yet, however I will gain some as soon as I finish my graduate training (whenever I do it).

Skills & Proficiency

Python

Java

HTML5, HTML & CSS

C

C++

SQL
